Dear Joe.

We would like to extend our debt of gratitude for all of the hard work you have done in ensuring our new construction permit. - From variances to set-back exemptions to zoning changes — it is evident that your efforts went far beyond the office. Besides the paper work, phone calls and other technicalities, your personal concern and guidance are what we valued most.

We would not have been able to do this without you and cannot thank you enough for your involvement with the project. You and your staff handled our case with great care and true professionalism. Windy city Consulting will always have our highest recommendation for any potential clients.

Sincerely,
The Catalano-Lopez Family
